Topic 14 - Number Problems & Puzzles				
Target 1	Target 2	Target 3	Target 4	Target 5
<i>Solve mixed questions on the properties of number in the form of a bingo game</i>	<i>Solve a magic square Solve a problem in a magic square</i>	<i>Solve number problems and puzzles</i>	<i>Solve number problems and puzzles</i>	<i>Solve number problems and puzzles</i>
1. Solve mixed questions on the properties of number in the form of a bingo game	1. Solve a 3 x 3 magic square: total given	1. Complete a number puzzle by adding digits to a triangular grid (totals: 9 and 10)	1. Complete a number puzzle by adding digits to calculations of four rules	3. Complete a section of a 10 x 10 multiplication grid; 10 x 10 grid available
2. Solve mixed questions on the properties of number in the form of a bingo game	2. Solve a 3 x 3 magic square	2. Complete a number puzzle by adding digits to a triangular grid (totals: 11 and 12)	2. Complete a number puzzle by adding digits to calculations of four rules	4. Complete a section of a 20 x 20 multiplication grid
3. Solve mixed questions on the properties of number in the form of a bingo game	3. Solve a 3 x 3 magic square: no individual entries marked	3. Complete a number puzzle by adding digits to a triangular grid (totals: 19 and 20)		
4. Solve mixed questions on the properties of number in the form of a bingo game	4. Solve a 3 x 3 magic square containing negative integers	4. Complete a number puzzle by adding digits to a triangular grid (totals: 21 and 23)		
5. Solve mixed questions on the properties of number in the form of a bingo game	5. Solve a problem in a 3 x 3 magic square	5. Complete a number puzzle by adding digits to a grid (totals: 12 and 13)		
6. Solve mixed questions on the properties of number in the form of a bingo game	6. Solve a problem in a 3 x 3 magic square containing negative integers	6. Complete a number puzzle by adding digits to a grid (totals: 14 and 15)		
7. Solve mixed questions on the properties of number in the form of a bingo game	7. Solve a 4 x 4 magic square: total given			
8. Solve mixed questions on the properties of number in the form of a bingo game	8. Solve a 4 x 4 magic square: individual entries not marked			
9. Solve mixed questions on the properties of number in the form of a bingo game	9. Solve a 4 x 4 magic square: negative integers used			
10. Solve mixed questions on the properties of number in the form of a bingo game	10. Solve a 4 x 4 magic square: negative integers used: individual entries not marked
