

Maths Workout – Pie Charts

Simplifying Fractions		Level 3
Simplify a fraction (Revision)		
Tasks	<ol style="list-style-type: none"> 1. Revision: Simplify a fraction 2. Revision: Simplify a fraction 	

Fraction Calculations		Level 3
Complete a fraction calculation as required for pie charts		
Tasks	<ol style="list-style-type: none"> 1. Demo: Complete a fraction calculation as required for pie charts 2. Complete a fraction calculation as required for pie charts 	

Reading Pie Charts 1		Level 3
Read and interpret a pie chart with 3 & 4 sectors		
Tasks	<ol style="list-style-type: none"> 1. Demo: Read a pie chart: 2 methods 2. Read and interpret a pie chart given the population: 3 sectors 3. Read and interpret a pie chart given the population: 3 sectors 4. Read and interpret a pie chart given the population: 3 sectors 5. Read and interpret a pie chart given the population: 3 sectors 6. Read and interpret a pie chart given the population: 4 sectors 7. Read and interpret a pie chart given the population: 4 sectors 	

Reading Pie Charts 2		Level 3
Read and interpret a pie chart with 5 sectors		
Tasks	<ol style="list-style-type: none"> 1. Read and interpret a pie chart given the population: 5 sectors 2. Read and interpret a pie chart given the population: 5 sectors 3. Read and interpret a pie chart given the population: 5 sectors 4. Read and interpret a pie chart given the population: 5 sectors 	

Reading Pie Charts 3		Level 3
Calculate the population of a pie chart		
Tasks	<ol style="list-style-type: none"> 1. Calculate the population then read and interpret a pie chart 2. Calculate the population then read and interpret a pie chart 3. Calculate the population then read and interpret a pie chart 4. Calculate the population then read and interpret a pie chart 5. Calculate the population then read and interpret a pie chart 6. Calculate the population then read and interpret a pie chart 	

Maths Workout – Pie Charts

Constructing Pie Charts 1		Level 3
Construct a pie chart from a frequency table		
Tasks	<ol style="list-style-type: none">1. Demo: Construct a pie chart from a frequency table2. Construct a pie chart from a frequency table3. Construct a pie chart from a frequency table4. Construct a pie chart from a frequency table5. Construct a pie chart from a frequency table6. Construct a pie chart from a frequency table7. Construct a pie chart from a frequency table8. Construct a pie chart from a frequency table9. Construct a pie chart from a frequency table10. Construct a pie chart from a frequency table	

Constructing Pie Charts 2		Level 3
Construct a pie chart from given information		
Tasks	<ol style="list-style-type: none">1. Solve a logic problem then construct a pie chart2. Solve a logic problem then construct a pie chart3. Solve a logic problem then construct a pie chart4. Solve a logic problem then construct a pie chart5. Solve a logic problem then construct a pie chart6. Solve a logic problem then construct a pie chart7. Solve a logic problem then construct a pie chart
